

ACME DIGITAL SOLUTIONS PRIVATE LIMITED

STANDARD OPERATING PROCEDURE

New Employee Onboarding & IT Account Provisioning

Document Title	New Employee Onboarding & IT Account Provisioning
Document ID	HR-IT-SOP-001
Version	1.0
Effective Date	01 January 2026
Department	Human Resources & Information Technology
Document Owner	HR Operations
Review Cycle	Annual
Classification	Internal Use

1. Purpose

The purpose of this Standard Operating Procedure (SOP) is to establish a standardized process for onboarding newly hired employees. This procedure ensures that all required documentation, IT accounts, security permissions, equipment allocation, and orientation activities are completed accurately and on time before the employee's first working day.

This SOP aims to improve operational efficiency, ensure compliance with organizational policies, reduce onboarding delays, and provide a consistent experience for all new employees.

2. Scope

This SOP applies to all permanent, contractual, and graduate employees joining Acme Digital Solutions Pvt. Ltd.

The procedure involves collaboration between:

- Human Resources
- Hiring Managers
- IT Support
- Information Security
- Facilities Management
- Newly Hired Employees

3. Roles and Responsibilities

Human Resources

- Verify employee documentation.
- Create onboarding request.
- Coordinate with all departments.
- Schedule orientation sessions.
- Confirm completion of onboarding.

Hiring Manager

- Approve onboarding request.
- Request required software and system access.
- Assign project responsibilities.

- Conduct first-day welcome meeting.
- Assign a mentor.

IT Support

- Create user accounts.
- Configure corporate email.
- Prepare laptop and accessories.
- Install approved software.
- Verify all systems are operational.

Information Security

- Enable Multi-Factor Authentication (MFA).
- Review privileged access requests.
- Ensure security policies are followed.

Facilities Management

- Prepare workstation.
- Issue employee ID card.
- Configure building access.
- Arrange welcome kit.

New Employee

- Submit required documents.
- Attend orientation.
- Complete mandatory cybersecurity training.
- Sign company policy acknowledgements.

4. Procedure

Step 1 — Offer Acceptance

Human Resources receives the signed employment offer letter and confirms the employee's joining date.

Step 2 — Documentation Verification

HR verifies all required documents, including:

- Government-issued ID
- Educational certificates
- Tax information
- Employment contract
- Bank account details

If any mandatory document is missing, HR must suspend onboarding until all required documents are received.

Step 3 — Onboarding Request

HR creates an onboarding request in the HR Management System and assigns the request to the Hiring Manager.

Step 4 — Manager Approval

The Hiring Manager reviews the request and approves:

- Department assignment
- Required applications
- System permissions
- Hardware requirements

Manager approval should be completed within one business day.

Step 5 — IT Account Provisioning

Once approved, IT Support creates:

- Corporate email
- Microsoft Teams account
- VPN access
- HR Portal account
- Project management account
- File storage access

Step 6 — Device Preparation

IT configures the employee laptop using the organization's standard system image.

The following must be verified:

- Antivirus installed
- Disk encryption enabled
- Operating system updated
- Latest security patches installed
- Endpoint management enabled

If laptop inventory is unavailable, IT must issue a temporary device within one business day.

Step 7 — Security Configuration

Information Security enables:

- Multi-Factor Authentication (MFA)
- Password policy enforcement
- Device compliance checks

If privileged access is requested, Security approval must be obtained before granting access.

Step 8 — Workplace Preparation

Facilities prepares:

- Employee ID card
- Building access card
- Assigned workstation
- Welcome kit
- Required office equipment

Step 9 — Employee Orientation

Human Resources conducts an orientation session covering:

- Company overview
- Code of Conduct
- Leave Policy
- Information Security
- Workplace Safety
- Communication Guidelines
- Reporting Structure

Step 10 — Manager Introduction

The Hiring Manager:

- Introduces the employee to the team.
- Reviews first-week objectives.
- Assigns a mentor.
- Explains key responsibilities.
- Confirms project assignments.

Step 11 — Completion Verification

HR confirms that:

- Documents are verified.
- Accounts are active.
- Laptop has been issued.
- Orientation completed.
- Manager approval completed.
- Security training completed.

Only after all activities are complete may the onboarding request be marked as “Completed.”

5. Exception Handling

- If employee documents are incomplete, onboarding must remain on hold until the required documents are submitted.
- If laptop inventory is unavailable, IT Support shall provide a temporary replacement device.
- If software licenses are unavailable, IT Support must notify Procurement immediately.
- If system access approval is delayed, only standard user access may be granted until final approval.
- If orientation cannot be conducted on the joining day, HR must schedule another session within three business days.
- If the employee fails mandatory cybersecurity training, privileged system access must remain disabled until training has been completed successfully.

6. Success Criteria

The onboarding process is considered successful when:

- Employee has access to all required systems.
- Laptop is fully configured.
- Security controls are enabled.
- Mandatory training completed.
- Mentor assigned.
- Manager introduction completed.
- Workstation prepared.
- Onboarding completed within three business days.

7. Records Maintained

The following records shall be maintained:

- Employee Onboarding Request
- Document Verification Checklist
- Asset Allocation Form
- IT Account Provisioning Log
- Security Approval Record
- Orientation Attendance Sheet
- Employee Acknowledgement Form

8. References

- Employee Handbook
